MUSIC: Old Crow Medicine Show - Don't Ride That Horse

...and a total CARNIVORE. We startled a bunch of Brazilian people. Guys come around to your table and slice meat off skewers onto your plate until you stop nodding. After a while we noticed the waiters urging each other to come around to us just to see what would happen

I would have had the garlic beef for dessert. Well, except that for dessert there was tres leches cake and pumpkin flan, so, okay, not.

O made fun of me for eating the sides. Dude, seasoned mashed potatoes! And fried plantains! The love!

I think churrascarias have the same relationship to gaucho food that Chinese restaurants in the US have to the way Chinese people eat on a normal day. As in, this has GOT to be special occasion food. Normal humans do not need that much protein. And if they did, they couldn't afford to raise it. Yikes.

For that matter, I wonder how much protein I need? Well, today took care of my muscle-building needs for this week. *g*

All right, unconscious mind. We're coming to an accommodation. If the dreams are you cleaning house, putting

Elvis doesn't live here anymore.

Hey there. Sorry about the drama. It was... it was an emotional decision, and I didn't handle it well. So yeah, I'm sorry.

Puppets. Puppets. Puppet puppets.
Scary.

And you're both sad you wouldn't try the frijoles negros, rice, and salad bar. Because they were better than the meat.

Yes, really.

Ho. Better than the Puerto Rican black beans I can get around the corner from me? 'Cause they've spoiled me rotten for black beans and rice.

But I'm willing to allow you might be right. I guess we'll have to go back again. And this time you HAVE to try the garlic beef.

At least as good as SR's black beans and rice.

Re: Garlic Beef: Some of us do not digest our food faster than we can chew it, and eventually FILL UP.

Wow. I wasn't even counting SR's iteration.

Okay, today I must go down to the Puerto Rican place and get black beans and rice. And it's your fault. *g*

Re filling up: Heh. You also miss out on the looks from restaurant staff.

Dude. That's an Aztec 2-Step reference.

Neither one of us is old enough for Aztec 2-Step.

Unless you've been snitching Duke's iPod again.

They are oooold, and yet--still giggling. And the Miracle Platypus Brain is a mighty storage apparatus. You'd be amazed at the acres of useless stuff I can repeat.

Waitaminit. If you're too young for Aztec Two-Step, how did you know that was Aztec Two-Step?
